MCPD: Windows Developer on Visual Studio 2005

The Microsoft Certified Professional Developer: Windows Developer (MCPD: Windows Developer) certification demonstrates that you have the comprehensive skills required to build rich client applications that target the Windows Forms platform, using the Microsoft .NET Framework 2.0.

How to earn your MCPD: Windows Developer on Visual Studio 2005 certification

To earn an MCPD: Windows Developer on Visual Studio 2005 certification, you must first complete the requirements for the MCTS: .NET Framework 2.0 Windows Applications certification (two exams).

After you earn this certification, you can earn your MCPD: Windows Developer on Visual Studio 2005 by passing one additional exam. Then, you can follow a simple path to upgrade your skills on Microsoft Visual Studio 2005 to Microsoft Visual Studio 2008.

MODULOS OBLIGATORIOS		
ID	Curso	Horas
Course 2596	Core Foundations of Microsoft .NET 2.0 Development	15
