

## CURSO DE CERTIFICACIÓN MCPD

Web  
Developer

### MCPD: Enterprise Applications Developer

The Microsoft Certified Professional Developer: Web Developer (MCPD: Web Developer) certification demonstrates that you have the comprehensive skills that are required to build interactive, data-driven Web applications that use ASP.NET 2.0 for both intranet and Internet uses.

Microsoft Skills Assessments for Microsoft Visual Studio 2005 and Microsoft ASP.NET 2.0 help developers focus their exam preparation training and find learning resources to upgrade from Visual Studio .NET and ASP.NET 1.0 and ASP.NET 1.1.

### How to Earn Your MCPD: Web Developer

MCPD: Web Developer candidates must first complete the requirements for the [MCTS: .NET Framework 2.0 Web Applications](#) certification (two exams). After earning this certification, candidates may earn their MCPD: Web Developer by passing one additional required exam.

MODULOS OBLIGATORIOS		
ID	Curso	Horas
<b>Course 2956</b>	MOC 2956: Core Foundations of Microsoft .NET 2.0 Development	15
